FDIC GRANTS ASSISTANCE TO PREVENT FAILURE OF COMMERCIAL BANK, NATIONAL ASSOCIATION, OKLAHOMA CITY, OKLAHOMA

The Board of Directors of the Federal Deposit Insurance Corporation today announced it has granted financial assistance under Section 13(c) of the Federal Deposit Insurance Act to prevent the failure of Commercial Bank, National Association, Oklahoma City, Oklahoma. The FDIC acted after notification by Robert J. Herrmann, Senior Deputy Comptroller of the Currency, that Commercial Bank, National Association, was in danger of failing.

As a result of this action, William M. Cameron and Lynda L. Cameron have acquired 100% ownership of Commercial Bankstock, Inc., a bank holding company which owns 100% of Commercial Bank, National Association. The bank has been strengthened and recapitalized, and uninterrupted service afforded all customers. The bank, which operates one office in Oklahoma City, Oklahoma, has assets of \$23.8 million.

The FDIC's assistance consists of a cash infusion of \$4.5 million. Key features of the assistance program are that the FDIC assumes none of the bank's assets and will have no further obligation. The investors have contributed \$2 million to the bank's capital structure.

The financial assistance program was agreed to by the FDIC which determined it to be less costly than the costs which would be incurred by allowing the bank to fail.
