Federal Financial Institutions Regulatory Agencies Announce Availability of 2017 Small Business, Small Farm, and Community Development Lending Data

The three federal banking agency members of the Federal Financial Institutions Examination Council (FFIEC) with Community Reinvestment Act (CRA) responsibilities today announced the availability of data on small business, small farm, and community development lending reported by certain commercial banks and savings associations, pursuant to the CRA. The agencies releasing the data are the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Office of the Comptroller of the Currency.

An FFIEC disclosure statement on the reported 2017 CRA data, in electronic form, is available for each reporting commercial bank and savings association. The FFIEC also prepared aggregate disclosure statements of small business and small farm lending for all of the metropolitan statistical areas and non-metropolitan counties in the United States and its territories. These statements are available for public inspection on the FFIEC website (www.ffiec.gov/cra).

The FFIEC was established in March 1979 to prescribe uniform principles, standards, and report forms and to promote uniformity in the supervision of financial institutions. The Council has six voting members: the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of the Comptroller of the Currency, the National Credit Union Administration, the Consumer Financial Protection Bureau, and the State Liaison Committee. The Council's activities are supported by interagency task forces and by an advisory State Liaison Committee, comprised of five representatives of state agencies that supervise financial institutions.
