I. Legal Basis and Need for Collection

This information collection is mandatory under the following authorities: 12 U.S.C. 602 (Board); 12 U.S.C. 161 and 602 (OCC); and 12 U.S.C. 1828 (FDIC). This information collection is given confidential treatment under 5 U.S.C. 552(b)(4) and (8).

The FFIEC 030 collects asset and liability information for foreign branches of insured U.S. banks and insured U.S. savings associations (U.S. depository institutions) and is required for regulatory and supervisory purposes. The information is used to analyze the foreign operations of U.S. institutions. All foreign branches of U.S. institutions regardless of charter type file this report as provided in the instructions to the FFIEC 030 and FFIEC 030S.

A U.S. depository institution generally must file a separate report for each foreign branch, but in some cases may consolidate filings for multiple foreign branches in the same country, as described below.

A branch with either total assets of at least \$2 billion or commitments to purchase foreign currencies and U.S. dollar exchange of at least \$5 billion as of the end of a calendar quarter is considered a “significant branch” and an FFIEC 030 report is required to be filed quarterly. A U.S. depository institution with a foreign branch having total assets in excess of \$250 million that does not meet either of the criteria to file quarterly must file the entire FFIEC 030 report for this foreign branch on an annual basis as of December 31.

A U.S. depository institution with a foreign branch having total assets of \$50 million, but less than or equal to \$250 million that does not meet the criteria to file the FFIEC 030 report must file the FFIEC 030S report for this foreign branch on an annual basis as of December 31. A U.S. depository institution with a foreign branch having total assets of less than \$50 million is exempt from filing the FFIEC 030 and 030S reports.

II. Request for Comment

Public comment is requested on all aspects of this notice. Comment is specifically invited on:

a. Whether the information collection is necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

b. The accuracy of the agencies' estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted to the Board in response to this notice will be shared with the other agencies. All comments will become a matter of public record.
