Statement of Policy on Contracting With Firms That Have Unresolved Audit Issues With FDIC

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Statement of policy.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC) has adopted a policy statement concerning contracting with firms that have unresolved audit issues with FDIC. The policy statement sets forth the procedures to be followed to provide proper notification to an affected contractor or outside counsel when an audit report is issued, and a management decision has been made on a respective finding, in order to afford the firm an opportunity to respond. When an FDIC audit identifies questioned costs and issues remain outstanding or unresolved as a result of the firm's failure to cooperate with FDIC management in resolving issues associated with identified disallowed costs, by for example: (1) failing to respond timely to an FDIC request to produce documentation to support

claimed costs; or (2) otherwise failing to adequately document claimed costs; or (3) by failing to remit the disallowed portion of questioned costs identified in such audit reports, application of the policy may result in a determination to refrain from soliciting new business from that firm.

This policy statement applies to firms providing goods and services to FDIC, including attorneys or law firms providing legal services to FDIC.

EFFECTIVE DATE: This policy statement is effective March 20, 1997.

FOR FURTHER INFORMATION CONTACT: Michael J. Rubino, Associate Director, Acquisition Services Branch, at (202) 942-3076, Peter A. Ziebert, Counsel, Contracting Law Unit, at (202) 736-0742, or William S. Jones, Counsel, Legal Operations Section, at (202) 736-3055.

SUPPLEMENTARY INFORMATION: The text of the Policy Statement follows:

1. Background

The FDIC Office of the Inspector General (OIG) routinely audits contracts with firms providing services to FDIC. These audits frequently contain an analysis whereby certain contract costs are questioned, as well as a recommendation that FDIC management disallow and attempt to recover these costs. When the OIG transmits the audit report and findings to the appropriate FDIC program office, FDIC management then reviews such findings and recommendation. This evaluation results in the issuance of a final decision that may sustain all of the audit findings, or a portion thereof. When FDIC management determines that certain questioned costs should not be charged to the Corporation, such questioned costs that are sustained are then deemed to be "disallowed" costs within the meaning of the Inspector General Act.

Once a management decision has been made to disallow such costs, active resolution efforts are undertaken by FDIC management to recover funds paid without adequate documentation or otherwise inappropriately paid to the firm during the course of the engagement. In those circumstances where the FDIC requests that an audited firm remit disallowed amounts and the contractor fails to do so or fails to actively cooperate with FDIC management in its efforts to resolve the issues associated with identified disallowed costs, it is prudent business for FDIC to selectively refrain from soliciting future services from the firm.
