[FRL-5850-8]

Proposed Administrative Settlement Under the Comprehensive Environmental Response, Compensation, and Liability Act; Saco Municipal Landfill Superfund Site**AGENCY:** Environmental Protection Agency.**ACTION:** Notice of proposed settlement agreement and request for public comment.

SUMMARY: The U.S. Environmental Protection Agency (EPA) and the Maine Department of Environmental Protection are proposing a settlement to address claims under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (CERCLA), 42 U.S.C. 9601 *et seq.* A public notice is being published to inform the public of the settlement and provide opportunity to comment. The settlement would require implementation of a non-time-critical removal action and would resolve the liability under CERCLA of the City of Saco and 11 generators of hazardous waste disposed of at the Saco Municipal Landfill for past costs incurred by EPA in connection with remedial investigations, enforcement and access actions, and Site oversight.

DATES: Comments must be provided on or before July 30, 1997.**ADDRESSES:** Comments should be addressed to Mary Jane O'Donnell, U.S. Environmental Protection Agency, Region I, JFK Federal Building, Mailcode HBT, Boston, Massachusetts 02203, and should refer to: Proposed Administrative Agreement under 122 (h) of the Comprehensive Environmental Response, Compensation and Liability Act; RE: Saco Municipal Landfill Superfund Site.**FOR FURTHER INFORMATION CONTACT:**

Mary Jane O'Donnell, U.S. Environmental Protection Agency, JFK Federal Building, Mailcode HBT, Boston, Massachusetts 02203, (617) 573-5780.

SUPPLEMENTARY INFORMATION: In accordance with the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (CERCLA), 42 U.S.C. 9601 *et seq.*, notice is hereby given of an Administrative Order on Consent to implement a non-time-critical removal action and a proposed administrative settlement under 122(h) of the Comprehensive Environmental Response, Compensation and Liability Act. The settlement was

approved by EPA, Region I and the Department of Justice subject to review by the public pursuant to this notice.

The City of Saco and 11 generators have committed to participating in the settlement. Under the proposed settlements, the City of Saco will implement a non-time critical removal action at the Saco Municipal Landfill Superfund Site in Saco, Maine. This work will include the design, construction, operation and long-term maintenance and monitoring of the effectiveness of the landfill cap. This agreement also requires the excavation of contaminated sediments from an area close to the landfill and consolidation of the excavated sediments with waste material in the landfill. The work is expected to cost approximately \$6 million. The City will also pay EPA costs if the agency takes over the work; pay EPA's enforcement and access costs; and pay EPA's oversight costs in excess of \$400,000. The remaining eleven settling parties will pay approximately \$1 million to the City to help pay for the work. The City has completed the design of the landfill cap and will start construction soon. The settling parties, including the City of Saco, are released from their liability for past costs of roughly \$1.5 million.

This settlement embraces the orphan share reform, which is one of Administrator Carol Browner's Administrative Reforms for the Superfund program. As authorized by this reform, this settlement releases the settling parties from the obligation to pay past costs up to 25% of the costs of the cleanup.

EPA is entering into this agreement under the authority of CERCLA section 101 *et seq.*, which provides EPA with authority to consider, compromise, and settle a claim under sections 106 and 107 of CERCLA for costs incurred by the United States if the claim has not been referred to the U.S. Department of Justice for further action. EPA will receive written comments relating to this settlement for thirty (30) days from the date of publication of this document.

A copy of the proposed administrative settlement may be obtained in person or by mail from Diane Nye, U.S. Environmental Protection Agency, JFK Federal Building, Mailcode SES, Boston, Massachusetts 02203, (617) 565-3658.

EPA's response to any comments received will be available for public inspection with the Docket Clerk, U.S. Environmental Protection Agency, Region I, JFK Federal Building, Mailcode RCG, Boston, Massachusetts

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCIES: Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collection to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: On December 30, 1996, the Board and the FDIC (the "agencies") requested public comment for 60 days on proposed revisions to the Foreign Branch Report of Condition (Foreign Branch Report), which is currently an approved collection of information (61 FR 68814-68817). After reviewing the comments received, the Federal Financial Institutions Examination Council (FFIEC), of which the agencies are members, decided to study further the agencies' needs for information on the foreign branches of U.S. banks for supervisory and other public policy purposes. Thus, the FFIEC and the agencies are not proceeding with most of the proposed changes to the Foreign Branch Report. The only change that will be implemented at this time is a revision to conform the reporting instructions with generally accepted accounting principles (GAAP).

In accordance with requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the agencies may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid Office of Management and Budget (OMB) control number. Comments are invited on: a. whether the following proposed revised collection of information is necessary for the proper performance of the agencies' functions, including whether the information has practical utility; b. the accuracy of the agencies' estimates of the burden of the information collection as it is proposed to be revised, including the validity of the methodology and assumptions used; c. ways to enhance the quality, utility, and clarity of the information to be collected; d. ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and e. estimates of capital or startup costs and costs of operations, maintenance, and purchase of services to provide information.

DATES: Comments must be submitted on or before July 30, 1997.

ADDRESSES: Comments, which should refer to the OMB control number, should be addressed to the OMB desk officer for the agencies: Alexander T. Hunt, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3208, Washington, DC 20503. Comments may also be addressed to either of the agencies. All comments, which should refer to the OMB control number(s), will be shared among the agencies.

Board: Written comments should be addressed to Mr. William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, 20th and C Streets, N.W., Washington, D.C. 20551, or delivered to the Board's mail room between 8:45 a.m. and 5:15 p.m., and to the security control room outside of those hours. Both the mail room and the security control room are accessible from the courtyard entrance on 20th Street between Constitution Avenue and C Street, N.W. Comments received may be inspected in room M-P-500 between 9:00 a.m. and 5:00 p.m., except as provided in section 261.8 of the Board's Rules Regarding Availability of Information, 12 CFR 261.8(a).
