

the new chemical substance described below, under the conditions set out in the TME application, and for the time period and restrictions specified below, will not present an unreasonable risk of injury to human health or the environment. Production volume, use, and the number of customers must not exceed that specified in the application. All other conditions and restrictions described in the application and in this notice must be met.

Notice of receipt of this application was not published in advance of approval. Therefore, an opportunity to submit comments is being offered at this time. EPA may modify or revoke the test marketing exemptions if comments are received which cast significant doubt on its finding that this test marketing activity will not present an unreasonable risk of injury.

The following additional restrictions apply to TME-97-9. A bill of lading accompanying each shipment must state that the use of the substance is restricted to that approved in the TME. In addition, the applicant shall maintain the following records until 5 years after the date they are created, and shall make them available for inspection or copying in accordance with section 11 of TSCA:

1. Records of the quantity of the TME substances produced and the date of manufacture.
2. Records of dates of the shipments to each customer and the quantities supplied in each shipment.
3. Copies of the bill of lading that accompanies each shipment of the TME substances.

#### TME-97-9

*Date of Receipt:* June 27, 1997. The extended comment period will close September 2, 1997.

*Applicant:* USR Optonix, Inc.

*Chemical:* (G) Silicic Acid Magnesium Strontium Salt, Dysprosium Europium Doped.

*Use:* (G) Pigment for wax and plastics.

*Production Volume:* 10,000 kg/Year.

*Number of Customers:* Two.

*Test Marketing Period:* Six Months.

Commencing on first day of commercial manufacture.

*Risk Assessment:* EPA identified human health concerns for lung toxicity based on data on an analogous chemical substance. However during manufacturing and use, predicted exposure to workers is not expected to be significant. The TME substance is not expected to be toxic to aquatic organisms at the surface water concentrations predicted. Therefore, the test market activities will not present

any unreasonable risk of injury to human health or the environment.

The Agency reserves the right to rescind approval or modify the conditions and restrictions of an exemption should any new information that comes to its attention cast significant doubt on its finding that the test marketing activities will not present any unreasonable risk of injury to human health or the environment.
