SUPPLEMENTARY INFORMATION:

Proposal To Renew the Following Currently Approved Collections of Information

1. *Title:* Recordkeeping, Disclosure and Reporting Requirements in Connection with Regulation Z.

OMB Number: 3064–0082. Form Number: None.

Affected Public: State nonmember banks and state savings associations.

General Description of Collection: Consumer Financial Protection Bureau

(CFPB) Regulation Z—12 CFR 1026

implements the Truth in Lending Act (15 U.S.C. 1601, et seq.) and certain provisions of the Real Estate Settlement Procedures Act (12 U.S.C. 2601 et seq.). This regulation prescribes uniform methods for computing the cost of credit, the disclosure of credit terms and costs, the resolution of errors and imposes various other recordkeeping, reporting and disclosure requirements. The FDIC has enforcement authority on the requirements of the CFPB's Regulation over the financial institutions it supervises. This information collection captures the recordkeeping, reporting and disclosure burdens of Regulation Z on FDICsupervised institutions.

The information collection is being revised to account for revisions and changes made to Regulation Z by the CFPB since this information collection was last submitted to OMB for clearance.

To arrive at the estimated annual burden the FDIC assessed the number of potential respondents to the information collection by identifying the number of FDIC-supervised institutions who reported activity that would be within the scope of the information collection requirements according to data from the most recent CALL Report. Additionally, the FDIC estimated the frequency of responses to the recordkeeping, reporting, or disclosure requirements by assessing the dollar volume of activity that would be within the scope of the information collection. In some instances the FDIC used information provided by other sources to estimate the magnitude and scope of activity attributable to FDIC-supervised institutions when more immediate information sources did not exist.
