

Realignment of Regional Office Responsibilities

FIL-34-97
April 15, 1997

TO: CHIEF EXECUTIVE OFFICER
SUBJECT: *FDIC Board Amends Rule Relating to Realignment of Regional Office Responsibilities as Part of New Case Manager Program (Part 303 of the FDIC's Rules and Regulations)*

The FDIC Board of Directors has adopted an amendment to Part 303 of the FDIC's Rules and Regulations relating to the new Case Manager Program, which has realigned regional office responsibilities of the Division of Supervision (DOS) and the Division of Compliance and Consumer Affairs (DCA) (see [FIL-31-97](#), dated April 10, 1997). The program is designed to streamline the FDIC's supervision process and simplify communication channels with insured institutions.

The amendment to Part 303 redefines "appropriate FDIC regional office" and other related terms contained in Part 303 to change how the FDIC designates the appropriate regional office for purposes of filing applications, requests, submittals, and notices. Under the Case Manager Program, DOS and DCA now supervise groups of related insured institutions from one FDIC regional office. DOS and DCA previously supervised or monitored insured institutions from the FDIC region in which the institution was located. Supervisory matters affected by the amendment are limited to determining which FDIC regional office is responsible for processing applications and administrative actions. A copy of the Federal Register notice explaining the amendment is attached.
