

Special Alert

FIL-4-2000

January 12, 2000

TO: CHIEF EXECUTIVE OFFICER
SUBJECT: *Counterfeit Cashier's Checks*

The Federal Deposit Insurance Corporation (FDIC) has learned that additional counterfeit cashier's checks drawn on Security Bank, Brandon, South Dakota, may be in circulation. Please refer to FIL-45-99, dated May 27, 1999. The latest item received by the bank was check number 8455, in the amount of \$68,759.91, which was negotiated in New York.

On the bank's legitimate checks, the bank's name and logo appear in the top center, and the bank's three offices are identified immediately underneath. The caption "THIS DOCUMENT HAS A MICRO-PRINT SIGNATURE LINE, SIMULATED WATERMARK, AND CHLOROSTAIN PAPER. ABSENCE OF THESE FEATURES WILL INDICATE A COPY" appears below the line for the amount of the item. The bank uses a check protector to print the amount. A vertical silver bar is located on the left side of the check.

On the counterfeit checks, the name "Security Servicing Corp" appears in the upper right corner. Security Bank's Brandon, South Dakota, branch location is the only office listed on the items. The account number is the same as the bank's cashier's check account number. The caption "THIS DOCUMENT HAS A COLORED BACKGROUND & MICROPRINTING. THE REVERSE SIDE OF THIS DOCUMENT HAS AN ARTIFICIAL WATERMARK" is printed in a dark border across the top of the checks. The counterfeit items appear to have been printed with a laser printer.
