

BANK REPORTS

FIL-62-2000
September 15, 2000

TO: CHIEF EXECUTIVE OFFICER

SUBJECT: *Reports of Condition and Income (Call Report) for Third Quarter 2000*

The enclosed materials pertain to the Reports of Condition and Income (Call Report) for the September 30, 2000, report date. Please complete your third quarter Call Report, review it for accuracy, and submit the report electronically as soon as possible. Your completed report must be received by October 30, 2000, in accordance with the filing requirements discussed below. ***No extensions of time for submitting reports are granted.***

If you complete the preparation and review of your report before October 30, please file the report as early as possible rather than waiting until the submission deadline. Should you later find that certain information needs to be revised, please make the appropriate changes to the report and promptly submit the revised Call Report data file electronically. Early submission aids the banking agencies in editing and reviewing the reports.

In the Call Report for this quarter, banks that file the FFIEC 031 or 032 version of the report forms must complete the items for automobile and other installment loans to individuals that have been securitized and sold (Memorandum items 5.a and 5.c of Schedule RC-L). This information is collected only as of the September 30 report date each year.

A sample set of September 30, 2000, report forms is enclosed for your reference. Sample forms also are available on both the Federal Financial Institutions Examination Council's (FFIEC's) Web site www.ffiec.gov and the Federal Deposit Insurance Corporation's (FDIC's) Web site www.fdic.gov. A paper copy of the Call Report forms, including the cover (signature) page, can be printed from the Web sites. In addition, banks that use Call Report software generally can print paper copies of blank forms from their software.

Each bank must file its September 30, 2000, Call Report in one of the following two ways:

- A bank may use computer software to prepare its report and then file the report directly with the banking agencies' electronic collection agent, Electronic Data Systems Corporation (EDS). The Call Report data file can be sent to EDS electronically by modem or on a computer diskette.
- An institution may complete its report in paper form and arrange with EDS, a Call Report software vendor, or another party to convert its paper report to electronic form. If a party other than EDS performs this service, that party must electronically transmit the bank's Call Report data file to EDS.

The filing of a Call Report that is submitted electronically to EDS by modem will be considered timely if it is transmitted to EDS no later than October 30, 2000. A bank using the paper-based

alternative method must ensure that the party that is converting its report to electronic form has sufficient time to convert and transmit the report to EDS by this date.

A bank that submits its Call Report to EDS on a computer diskette must make sure that the diskette is properly addressed, mailed first class, and postmarked on or before October 27, 2000, to be considered filed on time. (A "Certificate of Mailing," U.S. Postal Service Form 3817, may also be used as proof of mailing.) Alternatively, a bank may send the diskette using an overnight delivery system no later than October 29, 2000. Any Call Report sent to EDS on a computer diskette that EDS cannot read will not be accepted and the bank must resubmit its report in readable form. This may result in EDS receiving the bank's Call Report data file after the submission deadline.

A bank that has or has had more than one foreign office, other than a "shell" branch or an International Banking Facility, is permitted an additional 15 days to complete its Call Report. Such a bank is required to electronically transmit its report to EDS no later than November 14, 2000.

For further information or assistance concerning the Call Reports, state member banks should contact their Federal Reserve District Bank. National and FDIC-supervised banks should telephone the FDIC's Reports Analysis and Quality Control Section in Washington, D.C., toll free at (800) 688-FDIC (3342) or at (202) 898-6607, Monday through Friday between 8:00 a.m. and 5:00 p.m., Eastern Time.

Thank you for your cooperation.
