FDIC APPROVES ASSUMPTION OF DEPOSITS OF
MANILABANK CALIFORNIA, LOS ANGELES, CALIFORNIA

The Board of Directors of the Federal Deposit Insurance Corporation has approved the assumption of the deposits and secured liabilities of Manilabank California, Los Angeles, California, by UST California, National Association, Los Angeles, California, a newly chartered bank subsidiary of U.S. Trust Corporation, New York, New York.

Manilabank California, with total assets of \$20.3 million, was closed on Friday, March 8, 1991, by James E. Gilleran, California Superintendent of Banks, and the FDIC was named receiver.

The failed bank's sole office will reopen on Monday, March 11, 1991, as UST California, National Association, and its depositors automatically will become depositors of the assuming bank.

UST California, National Association will assume about \$19.2 million in 800 deposit accounts and has agreed to pay the FDIC a purchase premium of \$510,000. It also will purchase \$4.6 million of the failed bank's assets and will have options to purchase loans and other assets. To facilitate the transaction, the FDIC will advance about \$14.1 million to the assuming bank and will retain assets of the failed bank with a book value of about \$15.7 million.

The Board of Directors approved the deposit assumption under its authority to do so whenever it determines that such a transaction will reduce the potential loss to the FDIC.

The FDIC will recover a portion of its outlay through the liquidation of assets not transferred to the assuming bank. In this respect, the FDIC notes that its claim will have priority over the claims of nondepositor creditors and shareholders of the closed bank.
